# OUR 6-D PROCESS

## 01. Discover

We sit down with you and discover what you are currently doing, what you want to do, and who your target market is.

## 02. Define

Depending on the problem, we will define a solution and map it out for you, step by step.

## 03. Design

Depending on the requirements, that may involve designing a new website for you, or designing a social media marketing plan to suit.

## 04. Develop

This may mean developing a wireframe version of your new website, or developing a step by step plan for your social media marketing.

## 05. Deploy

At this stage the solution will be in greyscale, so as not to confuse you with the complex details, but to let you see how it works in real time.

## 06. Deliver

But we don't just hand you the keys and let you drive off into the sunset, we will work with you so that you and your staff are all completely familiar with the solution, and are happy to recommend us to your friends!
